

MAKE THE MOST OF YOUR TALENT

PORTABLE ELECTRIC THREADER PHÉNIX IV 230V

THREAD UP TO 2" IN CONTINUOUS

01

THREAD QUICKLY

4 times faster return after threading thanks to its adaptive gearbox, for a complete threading cycle in just 1 minute on 2" pipe.

02

IN ANY SITUATION

Threading as close as possible to walls and in tight spaces thanks to optimized ergonomics and offset drive head.

03

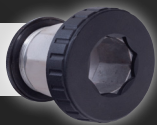

AND EFFORTLESSLY

Proven and high-performance 1010W universal motor.
